

Come join the Agate Longhorn Family!

We are now enrolling for the 2022-23 school year and hope you'll consider joining us!
Here's what Agate School has to offer:

Individualized instruction: Agate Schools has the lowest class sizes on the corridor! This ensures that your child will receive targeted instruction and individual attention, which increases learning and decreases student drama.

Customized Graduation Paths: We accommodate for individual academic needs and learning styles. Everyone has different goals and pathways; we will help your child plan for the future. Many of our secondary students are taking college courses and we are partnering with Morgan Community College in order to offer a welding class this coming year! We also have a dream of offering cosmetology courses. When we have a dream, we strive to make it happen!

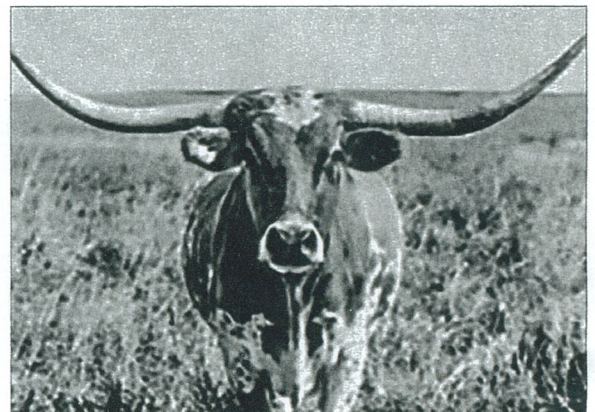

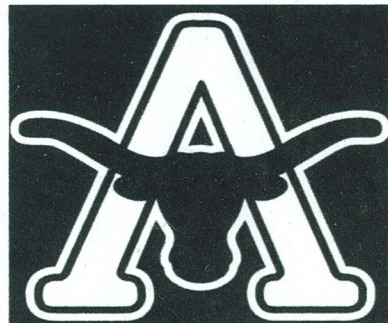

Expert educators: We are a team of dedicated teachers, administrators and staff. At Agate, our staff and students are family! We are working tirelessly to cultivate a culture of care, and we are a school that endeavors to maintain traditional, American values in a world that increasingly diminishes those values. We also offer a quality preschool...and it's free!
